A word of caution. International cities that attract many tourists also attract those people who steal from tourists. Consequently, participants are advised to carry their valuables safely, especially on public transport. There might be pickpockets on the street, the underground and on buses and trams. Once participants have checked into their hotels, it is advisable to leave important documents such as passports in the hotel safe and to carry a photocopy. Identity cards, keepsakes and anything else not needed in the city are best left at the hotel or place of residence while participants are sightseeing, shopping or dining out. Participants should keep photocopies of all these documents in a safe place in case they need to have them replaced.

II. MEETING SERVICES

1 Information on the arrangements for a paperless meeting

The Seventh meeting of the Chemical Review Committee (CRC7) will be paperless. A paperless meeting has the benefit of reducing costs considerably and has a smaller carbon footprint than does a traditional meeting. The paperless system employed makes it easier for meeting participants to obtain meeting documents and facilitates faster preparation and distribution of conference room papers.

All documents for the seventh meeting of the Chemical Review Committee will be available by internet, memory stick or by e-mail only. Printed documents will not be available at the meeting.

Participants are requested to follow the requirements described below:

1. To gain access to meeting documents each expert must have a laptop computer running basic applications (Word, Excel, PDF Reader, updated antivirus software).
2. Laptops must be virus-free and pre-checked for viruses before they are brought to the meeting. Virus-free laptops are crucial to a successful paperless meeting.
3. Laptops must be configured for standard wi-fi connections.
4. Experts should carry memory sticks for the purpose of transferring data, if necessary. Like laptops, memory sticks must be virus-free.
5. It is important that each expert provide a valid e-mail address when confirming participation in the meeting. Experts should ensure that their e-mail service will allow them to receive e-mails containing meeting documents as attachments.
6. Information on all arrangements for the paperless meeting will be available on the Rotterdam Convention website (www.pic.int) shortly.

2 Duration of Meetings

The morning meetings are scheduled from 9.00 to 12.30 hrs and the afternoon meetings from 14.00 to 17.00 hrs.

It is essential that meetings start on time and that the above schedule be respected. Participants are therefore urged to be present at the meetings in good time.
